The Ultimate Grateful Dead Set List and Listening Guide

Sample Set List Excerpt — Winter/Spring 1971–1972 (Europe ’72 Tour Buildup)

September 2026 Edition

About this sample: This excerpt shows the exact formatting used throughout the full e-book — over 2,450 shows in all. Every song highlighted in a show’s Listening Guide is bolded directly in the set list, and shows with a full Listening Guide carry a green “Listening Guide” button that jumps straight to that show’s write-up in the On This Day section. Note: in this static PDF sample, the Listening Guide button, Etree links, official-release links, and Relisten links are for illustration only and are not clickable. In the actual e-book, all links are fully active and will work as expected.
